EDUCATION:

Florida State University, Tallahassee Florida
BACHELOR OF SCIENCE, Information Technology   *EXPECTED* August 2025

SKILLS

- (proficient): C++,
- Unix
- Python
- HTML

- MySQL
- Microsoft Office
- CSS
- Wireframing/Prototyping Tools
- Orange Data Mining

PROJECTS

Object-oriented programming, Digital Logic Design, Data, Algorithms, and Programming I, Introduction to UNIX, Database Concepts, Data Mining and Analytics

Credit Score Classification Model

- Built a machine learning model to classify credit scores using python.

- Applied data cleaning and featured engineering techniques, including selecting "monthly in-hand salary" as a key feature

- Developed data visualizations to interpret model predictions, highlighting trends and correlations in credit-related features for better analysis.

Personal Budget Management App

- Designed and developed a mobile app using Python and SQLite to help users track income, expenses, and savings goals.

- Implemented features for categorizing transactions, setting budgets, and generating visual summaries with charts and graphs.

- Added data encryption for sensitive financial information to enhance user security and privacy.

- Conducted testing and debugging to ensure functionality and compatibility across various devices.

Sushi Alive Website Redesign

- Designed a user-friendly wireframe prototype tailored for health-conscious customers and tourists.

- Integrated features like a nutritional section, search bar, and detailed food information using HTML and CSS. Sorting Student Roster

WORK EXPERIENCE

Home Depot | Customer Service Associate   December 2020- Current
- Train and onboard new hires, ensuring they are equipped with the knowledge and skills to excel in their roles.
- Operate as a cashier, managing transactions efficiently and maintaining a high level of accuracy.
- Assist customers with loading heavy items, demonstrating strong physical endurance and a commitment to excellent service.
- Troubleshoot and resolve minor computer and system issues to ensure smooth store operations.

Florida Highway Patrol | System Administrator Intern   January 2025- Current
- Shadow senior system administrators to understand daily operations and IT infrastructure management.
- Learn how to configure and manage user accounts, permissions, and access controls.
- Assist in setting up and maintaining workstations, servers, and network devices.
- Work alongside IT professionals to understand how system upgrades and migrations are planned and executed.

INVOLVEMENT

National Society of Black Engineers-NSBE.   August 2022-Present

Florida State University CARE Program- Member   July 2021-Present

Haitian Culture Club -Member   February 2022-Present
